Advantage: A V-shaped hull with hard chine, and little rocker, easily cuts through water whilst deep grooved hull lines provide for excellent tracking. Extra spacious cockpit makes it ideal for people 5'2" right through to 6' 7" in height, having the most legroom length.

Advantage: The aqua-dynamic shape of this kayak is the basis for its speed and stability, and paired with our premium foot-controlled rudder system, it makes for easy manoeuvrability even with cross winds or stronger ocean currents. It is a faster and more streamlined design built for effortless glide, distance paddling and speed.

- SIZE: 560x70x37 CM
- HULL WEIGHT: 47 kgs (104 lbs)
- WEIGHT CAPACITY: 400kgs (888 lbs)
- G.W WEIGHT: 52kgs (115 lbs)
- DURABLE LLDPE / HDPE
- 3 years LIMITED WARRANTY
- ANTI-UV: 8
- Usage: Fishing, Surfing, Curising
- 20ft: 20 pcs 40HQ: 44 pcs

Features: 3 Paddles, 3 Foam Backrests, 3 Spray Skirt, 2 Plastic Handles, 2 Round Hatches, 1 Black Bungee, 6 Foot Rests, 1 Full Rudder System, 1 Safety Rope, 1 Black Net Storage

Advantage: A snail V-shaped bottom in combination with aluminum rudder make the kayak safe both in calm waters and in waves. The deck in front of the cockpit is made narrow in order to paddle more energy efficiently. The hull shape makes it fast, lightweight, maneuverable and good in waves without compromising stability.

Advantage: Spacious cockpit design and its focus on comfort, speed and stability. Rounded 'torpedo' hull design enables it to glide effortlessly through the water. It's tracking properties are excellent even in windy conditions or in strong currents. Premium foot-controlled rudder system Paddle on your favourite harbour, river or lake; or take your family/friend out. This touring kayak was design to provide comfort without forgoing speed and stability. It's versatility allows for cruising, fishing, camping, or just having fun exploring.

TOUGH, UV RESISTANT LLDPE MATERIAL

Hard wearing and long lasting so you can store anything you need at camp or in the shed. UV resistant material adds to the longevity when used for storage outside.

SMART EXTERNAL DIMENSIONS

Easy to pack just about anywhere with Inner dimensions of only 800mm long, 430mm wide and 373mm high. The design has internally re-enforced lid for increased rigidity and stacking ability which allows multiple 78L Storage Boxes to be stacked on top of each other securely.

HEAVY DUTY LATCHES AND DESIGN

It also features twin over-centre latches with extra securing straps to ensure the 120L Tough Storage Box stays closed when you're travelling.

WATER & DUST RESISTANT SEAL

The sealed design around the entire inner rim of the lid combined with the compression latches makes for ideal food storage at camp - keep out rain, dust and pests!

OVER EXTENSION GUARDED HINGES

For reliability even after repeated long term use, it has twin heavy-duty lid hinges with a clever design that prevents over-extension.

TWIN HEAVY-DUTY HANDLES

Finally there are the ultra-tough handles that can't be extended past 80° thanks to the over-extension guards, plus they feature comfort grips which makes carrying and moving the 120L Tough Storage Box easy.
